TSI-2.5 S

FOLDER INSERTER

Intelligent and easy Document Processing

- ▶ **Ease of use**
The 5" color touch screen control panel makes operation simple.
- ▶ **Productivity**
Folds, collates, inserts, seals and counts up to 22 finished envelopes per minute.
- ▶ **Versatility**
Compact and quiet, ideal solution for any office environment. Document feeders can accommodate letter and legal-size documents in addition to inserts and business reply envelopes.
- ▶ **Accuracy**
Feeder thickness detection technology prevents double document errors

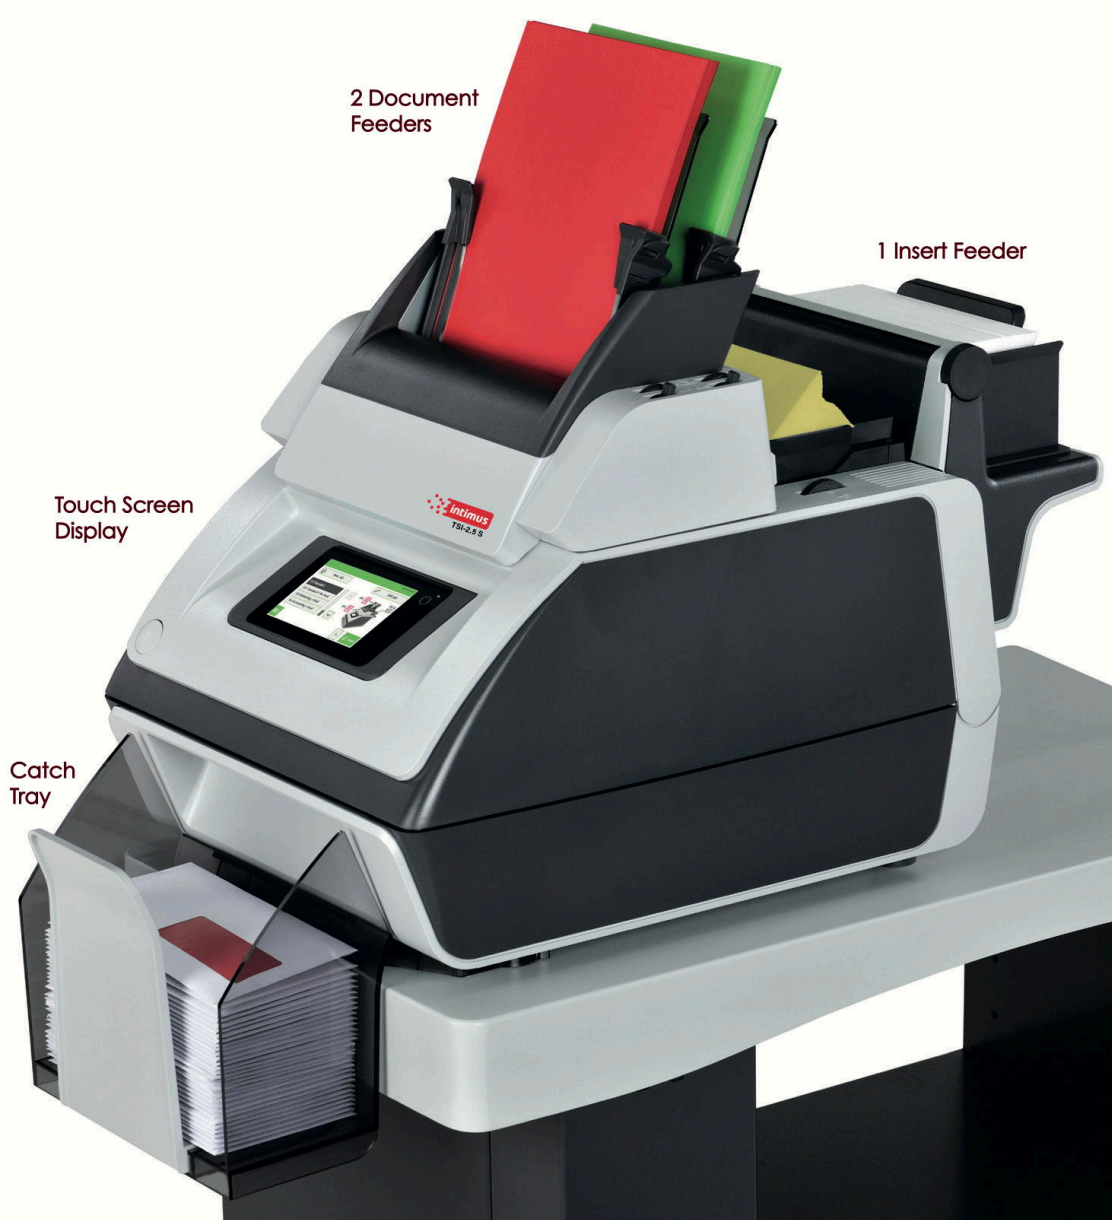

**AUTOMATICALLY
FOLD, INSERT AND
SEAL UP TO 5,000
ENVELOPES PER
MONTH**

The TSI-2.5 S folder inserter is a revelation for small to medium-size businesses.

Produce professional looking mail pieces each and every time while you devote time to other important tasks.

Folded, stuffed, sealed and out the door in very little time.

Your letter will be processed on time, every time.

Two **Document feeders** (up to 100 sheets ea) and one **Insert feeder** (reply cards or envelopes; pre-folded brochures) provide ease-of-use, increased productivity and document processing versatility.

Note that **there is a limit of one piece per feeder** that can automatically be put into an envelope for a maximum of 3 pieces.

Integrated 5-inch **color touch screen** with wizard-based instructions for easy and intuitive operation. You can store up to 15 different jobs in memory.

Capabilities and Limitations

The TS-2.5S is recommended for volume up to 500 envelopes per day and 5,000 envelopes per month. If your needs are over that, please look at higher rated models).

In automatic mode, it can insert 1 piece from each feeder. So you are limited to 1 sheet from feeder one, 1 sheet from feeder two, and 1 piece from the insert feeder. IT CANNOT TAKE MORE THAN ONE PIECE FROM A FEEDER.

In manual mode, you can drop a set of up to 5 sheets into a slot at the top. The machine will fold them together, put them into the envelope and seal the envelope.

Why choose Intimus?

With local presence in 10 countries and sales in more than 180, Intimus International Group employs beyond 280 people worldwide.

Intimus sells high quality machines, complete with ongoing support and service. Our approach is not sell and "bye" but to accompany our customers in their daily operational activities and continuous improvement path.

Why the PaperFolder Co.?

The PaperFolder Company has been in business for over 20 years specializing in folder inserters. We take the time to understand your needs, recommend the right machine, and then get samples to test pre-sale to make sure that it will work properly and to your satisfaction.

We have nationwide service. **Our prices normally include onsite setup, training and one year onsite service** unless you are in a remote area or for some reason service is not available. Ongoing maintenance is key to trouble-free operation. At the end of the first year, you can extend the service for a fee.

Contact us for information, quotes or to answer questions by email or, if you prefer, call to talk to a real person.
