The **FD 404TA1 High-Capacity Tabletop Air Jogger** offers **variable vibration speed and air pressure** controls to reduce static electricity while allowing press sheets and digital printouts to be **air-dried immediately**. The compact, tabletop design is ideal for smaller print shops and production environments. Its **V-shaped jog bin** is ideal for jogging a criss-cross stacked pile of papers, while the **vertical-to-horizontal tilt feature** helps keeps large paper stacks from bending. With a **capacity of up to 940 sheets** and **rugged all-metal construction**, it's designed for years of dependable use.

*Tilting Jog Bin*  
V-shaped bin adjusts from vertical to horizontal for large format paper

*Variable Jog Speed*  
Up to 2,500 vibrations per minute, adjustable for heavy stock

*Variable Air Pressure*  
Up to 29,000 rpm, adjustable for heavy stock
