FORMAX®

www.formax.com

The **FlashCard Business Card Cutter** processes **up to 144 business cards per minute**. Featuring an intuitive **LCD display**, it's easy for operators to use one of 5 pre-programmed jobs or set **up to 11 custom jobs**. The infeed tray holds up to 40 sheets and can accommodate paper weights up to 350gsm. The FlashCard easily handles coated and uncoated paper, laminated sheets, and card stock. A **standard 3.5" cutting cassette** can be used to produce 2" x 3.5" business cards. **Optional interchangeable cutting cassettes** are available to produce various sizes including 5" x 7" cards, 4.25" x 8" postcards, 3.5" x 10" menu cards, and more. User-friendly features and a small footprint make this the ideal on-demand low-volume cutter.

Double Friction Feed System
Automatic feeding throughout job runs with interlocking plexi cover for safety

Built-in Waste Bin
Collects paper scraps and is easy to access and empty

Adjustable Catch Tray
Keeps cut cards neatly stacked, adjusts for different sizes

Quick-Change Cutting Cassettes
Interchangeable heavy duty cutting cassettes for different size jobs

User-friendly LCD Control Panel
Intuitive display allows users to select from programmed or custom jobs
